RE/THINK JOINS GLOBAL ELITE WITH WEALTHBRIEFING MENA AWARDS

Winner of "Best Compliance RegTech Solutions" & "Best Private Client Accounting"

24 November 2025, Dubai, UAE: Re/think, the leading UAE business advisory and outsourced services firm, has been selected as a winner in the categories of "Compliance RegTech Solutions" (for the fourth time) and "Private Client Accounting" at The *WealthBriefing* MENA Awards 2025. Winners and highly commended companies were announced on 20 November 2025 at the Gala Ceremony at the Armani Hotel, Burj Khalifa, Dubai.

Showcasing the 'best of breed' across the MENA region, the awards are designed to recognise outstanding organisations—grouped by specialism and geography—that have demonstrated true innovation and excellence over the past year, as judged by a prestigious panel of independent experts. Each award category is highly competitive and evaluated through a rigorous, impartial process, which is what makes a *WealthBriefing* award especially coveted among industry leaders.

Commenting on the firm's success, Gregory Shippee, Managing Partner of Re/think, said: *"Re/think is honoured to be recognized for "Best Compliance RegTech Solutions" for the third consecutive year, as well as for "Best Private Client Accounting." As the UAE continues to attract successful individuals and international families in record numbers, our expertise, holistic approach and operational support in providing compliance, finance and tax solutions are highly sought after.*

"Ultimately, our goal is to help our clients reduce risk, save money and stay competitive so they can thrive in the booming UAE market – whilst we ourselves maintain the highest possible ethical standards using the latest technology and processes."

In today's challenging environment, global participants understand the significance of such recognition. Winning a *WealthBriefing* award sends a powerful message to clients—offering reassurance in the strength, stability, and sustainability of the winner's business and operating model. These awards form part of a global awards program run by *WealthBriefing* and its sister publications, *WealthBriefingAsia* and *Family Wealth Report*, covering all major wealth management centres worldwide.

Stephen Harris, CEO of Clearview Financial Media and publisher of *WealthBriefing*, was the first to congratulate this year's winners and highly commended firms:

*"Every category winner and highly commended firm has undergone a rigorous and independent judging process and should be rightly proud of their achievements this year. We've seen a significant increase in both the number of entrants and the level of interest across all our global awards programmes—and *WealthBriefing* is no exception.*

"These awards are immensely valuable as they offer organizations and individuals the opportunity to sharpen their strategic thinking, gain independent validation, be recognized both internally and externally, and celebrate their success in style with industry peers.

"I extend my heartfelt congratulations and best wishes to all winners and highly commended firms. They are all worthy recipients and now join an elite group of wealth management professionals who represent the very best of the industry across MENA and beyond."
